## Concession Trailers & Food Carts

We encourage Sno Biz dealers looking for a concession trailer or cart to look for used trailers/carts first as the price is normally much less expensive than new. Used prices can be \$10,000 to \$20,000 less than new! We can provide the large Sno Biz graphic files at no charge to re-wrap the trailer or cart. We also stock a few sizes of Sno Biz logo decals you can use if you choose not to re-wrap. So converting a used concession trailer or cart is relatively easy. After the Sno Biz graphics re-wrap – your trailer or cart will look sparkling new!

Additionally, we have a local (in Columbus, IN) contact that wraps trailers/carts at very reasonable prices if you don't know someone in your area that does it.

Here is a list of websites and Facebook Groups that deal in new and used concession trailers:

### [uscustomconcessions.com](http://uscustomconcessions.com)

US Custom Concessions is a family-owned business in Tampa, FL. In 2022, we had a dealer purchase a 6x12 concession trailer from them for \$18,000. It was a new trailer.
